VITA 10

| 24 V | 4,9 W | 230 lm | CRI>80
Product code: 62704-1

A decorative, modern furniture light fixture

LIMENTE VITA 10 is a beautiful light fixture with a modern design. In addition to being a great working light, VITA 10 also sheds ambient light from its sides, which creates a gorgeous light effect on the surface to which the fixture is installed. The fixture includes quality LEDs, which spread light evenly across a surface. Wide-spread, even light is always pleasant and suits both kitchen workspaces and showcases, as well as different kinds of shelves.

Due to their excellent luminosity, the fixtures can be placed up to 60-80 cm apart. When the fixtures are placed on both sides of the cooker hood, you'll receive excellent lighting to your cooktop! LIMENTE VITA 10 is also very thin (only 9 mm) making the fixture barely visible when installed in a kitchen workspace, for example.

Dimming and lighting control

Appropriate lighting for any occasion is made easy with our dimming and lighting control system. You can easily change the lighting and ambience in your home from efficient and bright to dim and cosy by dimming your LIMENTE VITA 10 with our wireless system. You can use the same switch to adjust all the LIMENTE lights in the room, including various ceiling, panel and profile lights. The light adjusts smoothly at the same time while creating ambience for working, entertaining or any mood in between.
