

MINI-3

socket | stainless steel |

Product code: 630681

Versatile power sockets

The LIMENTE MINI power sockets are designed as versatile power socket options for kitchen workspaces. Due to their minimalistic design, they go together with any type of light fixtures. They are quick and easy to install. The power sockets have an oblique design, which makes them easy to use. You are always able to clearly see the angle in which plugs are to be connected in the sockets. This way the sockets are always on hand and available! LIMENTE MINI-3 is made of metal in stainless steel, white, or black, and is child proof.

LIMENTE MINI-3 has sockets for three plugs. LIMENTE MINI power sockets are also available as single and double. Combine MINI power sockets freely to suit your needs!

Color choices

LIMENTE MINI-3 is available in stainless steel, white, and black.

Installation

Determine the place, where the power supply will be imported, or use an existing power supply cable. The power socket must be installed in a corner ensuring the back sides of the power socket do not remain open to exposure. The mounting takes place with the supplied screws. Please see further instructions in the installation guide.
